Session: November 2020

Theory of knowledge - Planning and progress form

Completion of this form *The completion of this form by each candidate and their teacher for theory of knowledge is a mandatory requirement. This will strengthen the process of writing the essay and support the authenticity of a candidate's work. Each completed form must be submitted to the IB, but will not be marked.*

Candidate *This form must be completed during the planning and progress of your essay. It is a record of three interactions with your teacher. The first interaction should focus on discussing the prescribed titles and choosing the title for your essay. In your second interaction you should discuss the development of your ideas in relation to your chosen title, and you may present to your teacher an exploration of those ideas in some written form. This will allow you to create a plan for the structure of your essay. For your final interaction you are encouraged to present to your teacher a full draft of your essay. The teacher is permitted to provide written comments on your draft, but will not mark or edit your draft.*

Teacher *You must have at least three interactions with each candidate; one early on in the process to discuss the prescribed titles, an interim session to discuss progress and a final session at which the candidate should present a full draft. Other interactions are permitted, but only these three should be recorded on this form.*

Prescribed title:

PT6: "Reliable Knowledge can lack certainty." Explore this claim with reference to two out areas of knowledge.

Planning and progress	**Candidate's comments** *You are advised to include your comments soon after each interaction*	**Date**
First interaction:	We were unpacking all the six titles and they all seem difficult. They is so many possibility and interpetation for each title. I had difficulty understanding the questions and unpacking them help solve the problem. The discussion broadend my understanding and I chose the essay title 6 which was easier for me.	11/03/20
Second interaction:	I planned my outline for my essay. I had difficulties choosing AOKs and finding the repective evidences. The evidences and claims have to be appropriate and suitable so that it answers the question. In my outline I had to plan my claims, evidences and it took a very long time. It was a very challenging process and it did not turn out the way I expected it to be when I wrote my essay. I had to make many changes before and after the submission of first draft.	22/04/20
Third interaction:	My essay was messy and it flow well. My ideas contradicted each other in the essay breaking the flow. I had to make major changes to my essay and received feedback from my teacher. I also asked for possible suggestions to improve my essay writing for overall better flow and understanding. I changed my evidences and claims to better answer the question. My effort reflected onto my essay. I am confident of my writing but scared of how my essay will turn out to be. I gave my best.	24/07/20
